

SCIENCE STATION

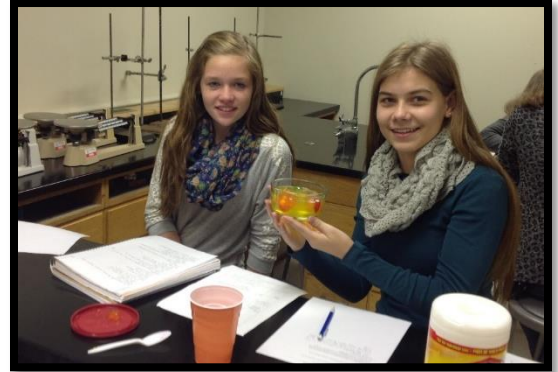

A Middle & High School Science Class Overview for the 1st Quarter from Mrs. Gieger

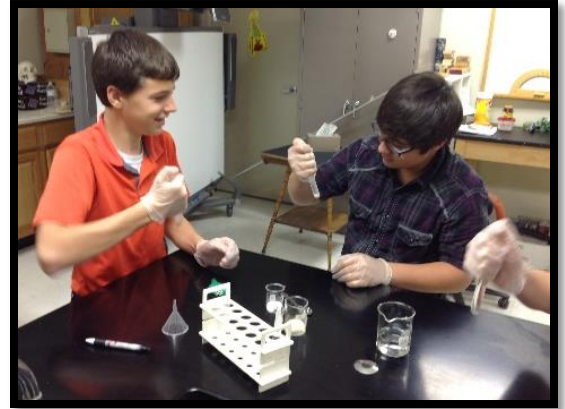

Above: Ryan Brooks is so glad to be done with his bug collection. Looks great, good job Ryan!

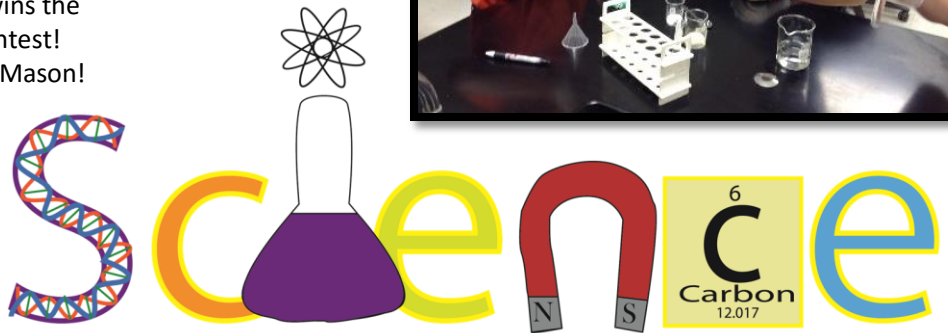

Right: Allison Wier and Autumn Pope pose with their model cell they made.

Right: Jimmy DuVall and Jared Graham work on the cellular respiration lab together.

Left: Mason Bookamer wins the egg drop contest! Good work, Mason!

Family Consumer Science

Family Consumer Science

Family Consumer Science

7th & 8th grade Family Consumer Science class learned how to can apple sauce and green beans. A big thank you to Sarah Moore for teaching them. The class also learned basics of car mechanics. Thank you to Dustin Lewandowski for giving his time to teach the students how to change a tire and the oil.
